Nevada City Will March With NIRA

Chamber Head Names Committee

Nevada City will be enrolled under the banner of the NIRA next Monday evening in Grass Valley when a great meeting will be called to place Nevada county in step with the national march to rout the depression.

Following an invitation from the Sacramento Chamber of Commerce which has assumed regional leadership in this movement, Fred F. Cassidy, president of the Nevada City Chamber of Commerce promptly appointed a committee for this city, having for its object the support and promotion of the purposes of the NIRA, and yesterday made his announcement.

The letter received from the Sacramento Chamber of Commerce head by President Cassidy follows:

ORGANIZING DISTRICT

Mr. Fred F. Cassidy, Pres.
Chamber of Commerce
Nevada City,
My Dear Mr. Cassidy:

We have accepted the responsibility given to us by President Roosevelt through Administrator Hugh S. Johnson of the National Administration to organize this district.

The instructions given to us are "to direct a campaign of education and organization which is to be a part of a national movement to speed the return of prosperity through the expansion of Consumer Purchasing Power in accordance with the principles set forth in the National Recovery Act."

Every city in the United States, in excess of 10,000 population, is to act as the clearing house for this activity. We are organizing our general community committee in Sacramento and suggest that you set up a similiar committee for your city.

Please let me know by return mail if you will accept the responsibility for your community. We will give to you ,as soon as we hear from Washington, instructions covering the further steps in this campaign.

It is an inspiring thing to be a part of a great national movement to restore economic security to our people and I appeal to you to marshall all the forces of your community in one united effort to get rid of unemployment.

Sincerely,
EARL O. SCHNETZ
President Sacramento Chamber of Commerce.

PRES. CASSIDY REPLIES

To this letter President Cassidy made the following response:

Mr. Earl Schnetz
President Sacramento Chamber of Commerce 917 7th Street
Sacramento, California
Dear Mr. Schnetz:

I know of no local body better situated to direct a campaign of Education and Organization in regard to the administration of the National Recovery Act than our local Chamber of Commerce.

During the past week I have been persuing different codes of the manufacturer, the jobber and the retailer and have been awaiting word from the proper authority to get going. Will appoint a general committee promptly.

Assuring you of our hearty co-operation and awaiting your further instructions, I am,

Yours very truy,
FRED F. CASSIDY
President.

COMMITTEE NAMED

The following appointments of the NIRA Committeemen were announced by President Cassidy yesterday:

Dry-good	S. Lee Leiter
Hardware	R. C. Murchie
Bakery	Karl Kopp
Furniture	Virginia Ghidotti
Butchers	David Richards
Plumbing	Fred F. Breese
Barbers	O. Rohrig
Soft Drinks	Vincent V. Foley
Shoemakers	George Hitchens
Groceries	James Penrose
Shoes	R. E. Carr
Garages	George H. Calanan
Foundry	Richard Goyne
Druggists	Thomas Richards
Dairymen	Earl Sutton
Men's Furnishings	James Dolan
Jewelers	A. Hartung
Hotels	Fred W. Worth
Florists	C. O. Brown
Cleaners	F. B. Risley
Electricians	Lester Gregory
Restaurants	Ernest Schreiber

LETTER TO COMMITTEE

To each newly appointed member of the committee th efollowing letter was sent:

Dear Sir:

Your local Chamber of Commerce has accepted the responsibility for this community of directing a campaign of Education and Organization which is to be part of a National movement to speed the return of prosperity through the expansion of consuming purchasing power in accordance with the principles set forth in the National Recovery Act.

We are asked to organize a general community Committee to carry forward the work involved.

You will note on the enclosed list that a committeeman has been named from each representative business line in this city. Each committeeman is asked to interview all others in his line and with them to work out a code of fair competition having especially in view the application of the aims of the National Recovery Act in regard to wages and the creation of employment.

Inasmuch as the interest of the communuity is of Nevada City and Grass Valley are almost identical and as a short distance only separte them we have been invited to join the Grass Valley community and work out our problems in unison. This invitation we have accepted.

We would, therefore, suggest that you get in touch with the committeeman named in your line in our sister city and work with him in framing your code. Please, report at the general meeting to be held in Grass Valley next Monday night at 7:30 p. m.

We appeal to you to earnestly back this great national movement, the success of which will restore economic security to our people.

FRED F. CASSIDY
President.

GOOD MILLING ORE REPORTED IN ORIENTAL

Miners are making steady progress at the Oriental mine, where a rich strike was made recently.

It is said ore of excellent mill grade is reported under development in the 1300 foot workings.

From a cross cut tunnel a raise is advancing along the vein, with about 800 feet of virgin territory available.

COURT ORDERS BROKEN CAR EXHAUST MENDED

Complaints of many residents that someone was clebrating a Chinese New Year out of season ,led Chief of Police Robson to make an investigation that resulted in the arrest of Miller Hurst, 18 years old who, had amused himself with explosions in his car exhaust .When Hurst was finally discovered and arrested he was found to be drivnig a car with a defective muffler. He confessed to having no dirver's license. He pleaded guilty and was sentenced by Police Judge Coughlin to pay $50 fine or spend five days in jail. On his promise to mend the muffler ,to obtain a driver's license at once and to impound the car for a month, the sentence was suspended.

Chief of Police Robson is making a determined drive to put a stop to traffic and automobile law violations.

NEW HOME OPEN TO VISITORS

The new home of Mr. and Mrs. Robert Steger at the corner of Prospect and Adam streets, will be open for inspection all day Sunday. It is a five room modern home of American and English style.

STATE CAMP OF C.C.C. BOYS HALT TWO BAD FIRES

Over 200 boys of the State C. C. C. camp south of Nevada City were out fighting fires today. While more than 150 members of the camp were engaged in combating the brush fire that turned brush, grazing and forest land to waste on the American and James ranches and on Wolf mountain in the Spencerville district a new fire was reported yesterday afternoon at 2:30 o'clock on Deer creek near the Empress mine. Thirty men at the State camp were at once dispatched with screaming sirens to the scene ,and at 7 o'colck last evening these were joined by 25 more from the National Forest Camp in Bear Valley.

Reports at a late hours last evening were that both fires were under control.

SPENCERVILLE BRUSH FIRE BURNS 1500 ACRES

Immense clouds of smoke rose over Nevada City Wednesday afternoon, carry dead cinders from a brush and grass fire that burned over 1500 acres of land in the Spencerville section on the church Beyers Brothers and Kneebone properties.

State Forester W. F. Sharp with two crews of 80 men worked during the afternoon and all night to bring it under control. Mr. Sharp was assisted by Assistant Forest Ranger George Howe.

The fire spread rapidly on account of a heavy growth of grass and low growing brush with the temperature at the 100 degree mark or over.

VETERANS PLAN SEPT. CARNIVAL

At a meeting of the Veterans of Foreign wars, held last evening in Odd Fellows hall in Nevada City, it was decided to invite the C. C. C. camp boys to assist in putting over a big benefit carnival to be held in Red Mens Park in September.

After the business session was over a pleasant social time was enjoyed with the Ladies Auxiliary.

William Gracey, of the tahoe National Forest, is commander of the local post.

CREW AT WORK OPENING ENTERPRISE MINE

The Enterprise mine, in the Quaker Hill district, east of Nevada City, is reopening and Mr. Fabrian, superintendent, has a crew of six men employed at present.

Mr. Fabian comes from Chicago and it is understood that investors of that city are interested in opening the property.

At present the crew is engaged in putting in mine equipment part of which consists of a hoist, headframe and compressor.

GREYSTONE MINE GIVEN GEOPHYSICAL TEST

E. W. Foster, mining engineer, and J. S. McAnany of Los Angeles spent Wednesday night at the National hotel, leaving early yesterday morning for the Greystone mine, where they are to make a thorough examination by the geophysical process.

The Greystone is a well known old property that holds much promise as a gold producer. It adjoins the Spanish mine to the west which is about three miles north of Washington.

Lou Elkus has completely remodeled his garage on Pine street, recently damaged by fire. The rearrangement of the front gives it a new modern appearance and adds convenience.

Mr. and Mrs. Carl Tobiassen and children motored to Cisco Monday.

STATE BEER TAX FOR JUNE TOTALS $71,975

SACRAMENTO, July 26—Beer sales in June for Calif., continued at a steady pace, 3,598,796 gallons being consumed, with a resultant tax of $71,975, the State Board of Equalization announced today.

The June figures showed a loss of but 1.7 per cent over beer sales in May, the Board said. June figures have been awaited by the Board as a means of judging the probable monthly average of the tax to be derived from this source, in view of the fact that the tax has been in force only since April 1 of this year.

The Board expects that approximately $900,000 a year will accrue to the state's general fund from the beverage tax. Upon repeal of the 18th amendment the state will tax all forms of alcoholic beverages.

REGIONAL MINE CONCLAVE TO BE HELD TONIGHT

Reservations can be made up until noon today at the Grass Valley Chamber of Commerce for the dinner tonight of the Regional Mineral Conference at Bret Harte Inn. Western Nevada county mining men and civic leaders of Grass Valley and Nevada City are cordially invited to attend.

State Mineralogist Walter Bradley will arrive this afternoon with several members of the Sacramento party and will be available for conferences. An expected dinner attendance of 50 to 60 is anticipated.

The mining men will adjourn to the Veterans Memorial Building at 8 o'clock. Dean Probert of the University of California will speak on stabilization of the gold industry under present economic conditions.

These topics will probably be discussed:

The California Mining Association is the proper organization to handle mining problems and affairs in the state; a mining-conscious state and citizen support of the California Mining Association; need for a free market for newly mined gold; compensation insurance costs relief; need of federal aid for making available additional mining territory; and support of California Mining Day at the California State Fair.

PILGRIM MINE WILL HAVE 100 TON MILL

At the Pilgrim mine in the Alleghany district, construtcion of a modern mill with a daily capacity of 100 tons is being pressed.

A series of veins, averaging from five to fifty feet in width, have been exposed by approximately 5,000 feet of tunnels and drifts, with a substantial reserve of commercial gold bearing ore in sight.

JUNE GASOLINE TAX TATALS $3,718,590

SACRAMENTO, July 26—The gasoline tax for June in California showed a 17.6 per cent loss over the same month in 1932, it was announced today by John C. Corbett, member of the State Board of Equalization.

The loss is explained, Corbett said, hrough the fact that the Federal Government on June 21, 1932 imposed a tax on gasoline. For the first three weeks of June in 1932, huge stores of gasoline were accumulated by purchasers to avoid the one cent federal levy. These purchases resulted in an abnormal sale during June of last year.

Distributions for last month totaled 125,205,058 gallons tax on this gallonage being $3,718,590. In June 1932, a tax of $4,517,467, was collected from gasoline sales.

Carl Carter, U. C. runner who competed in the Olympic games, came up from his home in Berkeley and spent Sunday with his friend, Marshall Giselman, noted Nevada City musician.

Gold Once Smelted Can't Be Exported

WASHINGTON, July 27.—Attorney General Cummings has ruled no form of gold produced in this country which has been through any smelter process can be exported under the president's gold embargo proclamation if it is exported only because of the value of its gold content.

The treasury let this much of the ruling be known to-day ,in view of reports that the opinion was being suppressed.

As to other parts of the position taken by the attorney general, it is said these concern highly technical legal points and are intended solely as a guide for the treasury.

These questions will be met as they come up. The opinion is said not to change the present status of the gold situation in this country.

Under the president's order, gold may be exported when held in this country for a foreign government, a foreign central bank, or to fulfill contracts entered into prior to the issuance of the executive order and for any commercial purpose which the president deems beneficial to the nation.

Gold producers of the country have urged the president to relax the restrictions to permit exportation of American mined gold to enable them to take the benefit of higher prices being offered in foreign markets.

Gold in this country sells for $20.67, while in the London market it has gone a little above $30 an ounce.

The treasury has previously taken the attitude that the executive order does not prohibit the exportation of American mined gold ore, and whether this will be upset by the Cummings ruling is not announced.

It is said there is some "bootlegging" of American gold to be sold abroad but it can not be learned to how great an extent this illicit traffic is being carried on. The treasury has said the amount is negligible.

LEGISLATURE AT END; BUDGET IS NOT BALANCED

SACRAMENTO, July 27—California's Legislature ,after ten days of tax battling, adjourned early this morning with the 1933-35 budget still between $30,000,000 and $45,000,000 out of balance.

This estimate came from State Controller Ray L. Riley and State Finance Director Rolland A. Vandegrift as the legislature started for home, leaving a sales tax, an income tax and a bill boosting inheritance taxes on the desk of Governor James Rolph.

DEFICIT ESTIMATE JUMPS

Riley announced a new calculation of from $128,000,000 to $130,000 as the treasury deficit for the ensuing biennium which it had been hoped new taxes would eliminate.

To meet that the legislature passed a 2 an done-half per cent sales tax variously expeted to raise from $80,000,000 to $100,000,000; a levy on personal incomes to the tune of from $11,000,000 to $14,000,000; an inheritance tax readjustment which will give $1,500,000 in new revenue.

The maximum of new state income provided by the legislature would be $115,500,000 under these estimates; the minimum, $92,500,000.

BUDGET NOT BALANCED

Taking an even less optimistic view of th elawmakers' achevements Vandegrift said they have left the Rolph administration with a deficit between $35,000,000 and $45,000,000 ,when budget balancing was their duty. Riley placed the remaining deficit at "not less than $30,000,000."

The officials predicted the situation will necessitate calling of a special legislative session.

They declared it will also mean registration of state warrants, including pay checks of state employes.

On a senate vote of 24 to 15 and an assembly ballot of 48 to 21, the legislature rushed through a revised income tax bil in the closing hours of the session.

Senator Harold J. Powers, Modoc county, sponsored a state tax research bureau measure amending the Clowdsley bill, which called for rates equal to one-third of the federal income tax schedule. The Powers program went to the governor with the following lowered rates:

On the first $4,000 of net income, 1 per cent.
On the second $4,000, 2 per cent.
On the third $4,000, 3 per cent.
On the next $38,000, 4 per cent.
On everything above $50,000, 5 per cent.

Dr. and Mrs. Walter J. Hawkins have taken the residence of Elmer F. Fischer, 245 Nevada street, and are now comfortably established in their new home.

CLEVER SNEAK ROBS HOMES ON EAST BROAD ST.

"The early bird catches the worm"—so sayeth the well known proverb. Anyhow several Nevada City residents found this to be literally true last Tuesday when their homes were visited by an early bird in the shape of a female prowler.

She wore no feathers but was decked out in black and white dress, black jacket, black hat, low rubber heeled shoes and carried a good sized hand bag to hold her plunder.

The woman—or was it a man in disguise?, was of heavy masculine type. Her method of operation was simplicity itself, and quite safe.

She was seen trying doors on East Broad street at 5:30 Tuesday morning by residents who were up early to start on a trip.

At the Holland home she awakened the inmates by her presence in the room, but she wasn't at all perturbed, simply asking "Doesn't Mrs - so-andso live here?" Oh, I'm so sorry to have disturbed you."

At Mrs. Burns apartment in the Phelan building, the screen door had been unlatched, evidently with a button hook, and a purse lying on the table emptied of its contents, even to the pennies it contained.

Miss Winnie Mulloy mourns the loss of a purse which she valued much more than the few dollars it contained and Ed Davis of the Nevada City Garage and money stolen from a room within a few feet of where the family slept.

The thief, with a woman companion was seen by Orrin Tomkins of the Nevada City Garage. They were traveling in a Crysler Coupe and are probably making early morning calls in some far distant community by this time.

MORAL—Don't leave your purse lying around in plain sight.

JUDGE WINBURN TALKS ON NATIONAL FIDELITY

Judge Oscar E. Winburn, township and municipal justice of the peace, addressed the Grass Valley Lions Club last night at the Brete Harte Inn on "National Fidelity." Judge Winburn was guest speaker of Program Chairman L. R. (Bob) Jefford.

BROTHERS TO SEARCH FOR SISTERS BODY

Charles and Albert Godfrey have gone to San Francisco to assist in the search for the body of their sister, Miss Avis Godfrey, who was drowned Sunday in the bay. Miss Godfrey is reported to have jumped from the lift span of the Hayward-San Mateo bay bridge. She made an effort after striking the water to save her life but finally sank.

GIVE THE PRESIDENT A HAND

Anyone who listened to President Roosevelt Monday night as he described the great effort his administration is making to restore this country to something approaching a normal level of happiness, could hardly have failed to be cheered and impressed with his words.

The Industrial Recovery Act, chief instrument to bring about a happier condition throughout the nation, the President stated, is not especially a new instrument but one with which in one phase or another, the people are well acquainted. Really it is nothing but collective bargaining on a vast scale. Each industry and all those concerned in it agree to a code, which shall govern wages, costs of materials, and selling prices and business policies. Plundering and exploiting will be omitted from those codes.

The President points out that by this pact made among all the component parts of an industry, employers and employes, cuts away all provocation for destructive wars between "capital" and "labor."

All citizens, the President asks, to give this experiment a trial, to get behind it with patriotism, loyalty, and the will to make it succeed and, if this done, it will succeed. The nation, 125,000,000 people, can make the Industrial Recovery Act a triuphal bridge on which they may cross over from the barren and poverty ridden years to an epoch of comparative prosperity.

It will mean of course a sacrafice of some of that individualism of which Americans are proud. We will give up some of our so-called rights in order that proverty and distress in general may lessened. And, what we give up in individualism we shall gain in contentment.

But the people themselves must do it. The President cannot do it for them. The President points the way. The road is open. Let us take the road and cross the bridge.

OPPORTUNITY IS KNOCKING

Property owners who have been planning to repair old structures or build new ones better get busy unless they wish to pay heavily for delay. With better crop prices, heavy public expenditures for bridges, roads, public buildings, etc., it is not difficult to imagine rapid improvement in the employment situation and commodity price levels.

Cement, lumber, paint, structural steel, electrical equipment and all manner of building supplies will probably never again, in a generation at east, be at the bargain counterl prices we have been witnessing. Today property owners can improve an old building or build a new one, from concrete foundation to fire-resisting roof, at record low figures. There is abundant labor, both skilled and unskilled. It seems certain that the foregoing combination of circumstances is doomed.

The investor in construction activity today not only ges double return for his money, but helps to start normal employment in the wage and price structures, which will rebound in benefits to himself in better business and rental values.

CATACLYSIM OR CATASTROPHE?

Dere Editer,—

This week my mind has been took offen burds, catpletely, an I been meditatin on stirrin events catsiderably.

Meow, fur instance, it seamed awful good tu here them 4teen guveners uv grate an sufferin states, talkin an catversin together calm like an friendly, agreein tu help the president put the big job over, an plannin out things tu do fur the good uv their catstitutents in pertikerler an the hole U. S. in general.

Meow wasn't that better than setting around in Urope, listenin tu uther peepul chatterin in furrin langwiches, an not reely knowin what anny thing was all about?

Then than ruckus between our Winchie an the Mammy boy. Meow theres seeds fur thot, an I thot em.

Seams to me sum reel live promotur cud arange a fist fite between them too lite waits, an staige a entertainmetn that wood bring good gait recetes an grately amus a effete an board populace.

Them 2 belligerunt gentulemen cud be sined up fur a fifteen round bout, with maybe Wil Rogers actin as referee an long intermissuns between rounds during wich the Al persun cud sing Mammy songs and Winchie cud give out news flashes.

Seams tu me most everybody wood go tu that kind uv a show. Meow is this a diea or aint it?

Well I guess Ile get my mind bak on burds agin, with maybe a rat or sum mice throwed in fur good measure.

Yurn Catfidentially,
Mickey, the fam'ly cat.

HOME OWNERS OFFERED RELIEF UNDER LOAN ACT

Washington D. C. July 27 1933
Editor, Nevada City Nugget,
Dear Sir:

In order that your readers may be familiar with the provisions of the Home Owners Loan Act enacted into law at this session of Congress, the following is a brief synopis of the law.

1. The Home Owners Loan Corporation is a Corporation created by Congress to be administered by the Federal Home Loan Bank Board as Directors, for the purpose of saving the owners of homes where they are unable to secure money to pay mortgages otherwise and where the mortgages is threatening foreclosure.

2. It has $200,000,000 of capital stock, subscribed for and to be paid by the United States Treasury and it has the authority to issue two billion dollars in bonds running 18 years at 4 per cent interest, the interest being guaranteed by the United States Government.

MORTAGES OF RECORD

Only mortgages that were on record June 13, 1933, the date of the approval of this Act, can be taken up under the law.

4. For direct relief to home owners, the Act provides that for a period of three years following the enactment of the Act the Corporation may deal directly with owners occupying their homes, or holding the same as their homestead although temporarily residing elsewhere; provided the home is built for not more than four families and has a value of not more than $20,000.

5. The Corporation is authorized to exchange its bonds for first mortgages on homes and to pay any accrued taxes, assessments, necessary maintenance and repairs, and incidental costs in cash; provided the mortgagees will consent to take the Corporation's bonds for the mortgage.

EXCHANGE OF BONDS

6. The exchange of bonds for mortgages may not be made in an amount higer than 80 per cent of the value of the property, or in a total amount not to exceed $14,000, whichever is the smaller.

7. On exchange of bonds for mortgages, the Corporation is authorized to take from th ehome owner a new mortgage for a period not exceeding 15 years, with payments either monthly, quarterly, semi-annully, or annually, according to the agreement then entered into with interest at 5 per cent. The home owner will then have a long-term loan with small payments.

8. If the bonds accepted by the mortgagee are less in value than the face value of the mortgage, the difference will be credited to the home owner.

MORATORIUM

9. Provides moratorium for three years, from passage of Act, on installments or principal of mortgage made to Home Owners Loan Corporation; if interest, taxes and other conditions of mortgage are met.

10. Extensions of time to home owners for the payment of any installment of principal or interest owed by him to Corporation are provided if the cricumstances justify, but the total extension during the 15 year period must not exceed the aforesaid three years.

11. The Corporation is authorized to make loans in cash on property not otherwise encumbered up to 50 per cent of its value for the payment of taxes and assessments on the real estate, and necessary maintenance and repairs.

CASH MORTGAGES

12. Where the mortgagee is unwilling to exchange his mortgage for a bond, the Corporation is authorized to loan home owner direct 40 per cent of the value of his property to take up his mortgage in cash at an interest rate not exceeding 6 per cent; provided he is not able to obtain a loan from ordinary lending agencies.

13. The Corporation is authorized to provide for the exchange of bonds and to advance cash for mortgages for the redemption and recapture of foreclosed homes; provided such loss occurred within two years prior to such exchange. This aid conditioned on the same terms as given in paragraphs (5) and (6) above.

14. The Home Loan Bank Board shall make rules governing the methods of appraisals to be followed.

15. The Act does not provide cash to make new or original loans of any kind except for taxes, assessments, repairs, and maintenance, and where there is no prior lien.

16. Makes punishment by a fine of not more than $10,000 for any violation of provision directed against persons attempting impositions on home owners in assistance rendered them in making loan applications or performing other services. Denies right to compensation to such persons except for purposes outlined in Act.

The Act then follows with provisions for the federal chartering of federal savings and loan associations designed to promote community thrift and home financing means.

In explanation of how applications under the Act can be made, the Chairman of the Home Loan Bank Board has stated that there will be a general manager for the home owners' local corporation established in each State, with sufficient employees to handle the business and whose location will be well known. Any one wishing to avail himself of the provisions of the Act should make application in person or by mail to the said manager, who will furnish blanks to be filled out. If, from the application, it appears that the loan is one that the corporation can make under the law, it will be referred to an appraiser or agent in the County where the applicant lives, who will immediately appraise the property and have a local attorney determine as to the soundness of the title. On this report, if favorable, the loan will be closed, papers executed, and the bonds or cash, as the case may be, paid to take over the mortgage.

Sincerely yours,
HARRY L. ENGLEBRIGHT

TO WHOM IT MAY CONCERN

ORGANIZATION TO BOOST YUBA RIVER COUNTRY

Business and professional men of Grass Valley and Nevada City have formed an association under the auspices of the joint chambers of commerce to be known as the Yuba River Canyon Association.

J. L. Wolff of Grass Valley is named chairman of the new organization. It is expected that Nevada and Sierra counties and such towns as Downieville, Sierra City, Allegany, Forest, Camptonville, Washington, will join in the enterprise.

Fred F. Cassidy, president of the Nevada City Chamber of Commerce, and Postmaster James C. Tyrrell of Grass Valley, were named on a committee with Wolff and Earl L. Covey to work out a budget for the association, arrange membership dues, obtain publicity and instigate a membership drive.

August 1st and 2nd, are set for a good will caravan tour to be sponsored jointly by the association and the chambers of commerce of both Grass Valley and Nevada City. The tour will start early Tuesday morning, August 1st, with stops at towns along the Nevada City-Downieville route with an over-night stay at either Downieville or Sierra City. The second day will include a return tour back the scenic Foote's Pass route and points along the way.

The Sierra County Board of Supervisors will be interviewed on the Downieville tour to solicit their cooperation.

PICK HANDLE WEILDER IS HELD TO ANSWER

Judge Oscar Winburn sitting Wednesday in court of Judge W. L. Mobley, held John Phelps, Graniteville store proprietor, to answer in the Superior court on a charge of assault with a deadly weapon. Judge Mobley had disqualified himself on account of his intimate acquaintance both with Phelps and with Thomas Staples, the complainant.

The assault occured in Caniteville July 8. Witnesses for Staples stated that after a drinking bout in Phelp's store, Staples and others gathered outside and began singing. Mrs. Phelps is said to have accused Staples of spreading untrue reports about her and to have slapped Staples face. This was followed, according to the witnesses by Phelps appearing and ordering Staples away from the place. When Staples refused to go, according to witnesses, Phelps beat him over the head with a pick handle.

Witnesses for Phelps testified that following the face slapping, Staples challenged Phelps to come out and fight, and that the two did fight on the porch of the store. They admitted that Phelps used a pick handle.

LEGAL NOTICES

NO. 3467

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA.
NOTICE TO CREDITORS
In the Matter of the Estate of Massimo Angiolini, Deceased.

NOTICE IS HEREBY GIVEN by the undersigned R. C. PRATT, as adminitsrator with the Will annexed of the estate of MASSIMO ANGIOLINI, deceased, to the Creditors of and all persons having claims against the said decedent to file them with the necessary vouchers within six (6) months after the first publication of this notice in the office of the Clerk of Superior Court of the State of California, in and for the County of Nevada, or to exhibit them, with the necessary vouchers within six (6) months after the first publication of this notice to the said administrator with the will annexed at the law offices of NILON, HENNESSY and KELLY, Number 232 Broad Street, Nevada City, Nevada County ,California, the same being his place of business in all matters connected with the estate of said Massimo Angiolini, Deceased.

Dated July 20th, 1933.

R. C. PRATT, administrator with the Will annexed of the estate of Massimo Angiolini, Deceased.

First Publication July 21st, 1933.

Nilon, Hennessy and Kelly, Attorneys for administrator with the Will annexed.

July 21, 28, Aug. 4, 11.

NOTICE

The California Debris Commission will hold a public hearing at 11:00 A. M., August 8, 1933, at the California Debris Commission Office, Room 1000, Calif., Fruit Bldg., 4th and J. Sts., Sacramento, California, to receive protests against granting the application of William H. Taylor and Arthur W. Hoge to mine by the hydraulic process the Relief Hill and Omega Mines, located near Nevada City, Calif., draining into the South Fork of Yuba River and to store tailings behind concrete dam below the mines .

July 24, 28, 31 and Aug. 4, 1933.

NO FEE INCREASE AT STATE UNIVERSITY

BERKELEY, July 27—There will be no increase in fees at the University of California this year. The proposed tuition fee ranging from $25 to $75 a semester, was not adopted by the legislature; the regents have no plans to increase costs to students in the coming year.

This announcement was made today by L. A. Nichols, comptroller, to set at rest rumors that have been circulated to the effect that a heavy tuition fee is to be charged this year to compensate for the small legislative appropriation.

"There is no truth to these rumors," says Nichols. "The only thing that can be interpreted as an increase is the consolidation of minor fees with the regular incidental fee, making it $26 instead of $25 at Berkeley and $23.50 instead of $22.50 at Los Angeles. The greatest financial assistance this will be to the University is in the collection and bookkeeping costs; it is not intended as an added burden on students."

GALT BRIDGE AND ITS APPROACHES REPAIRED

The Galt bridge on Pine street is closed at present while repairs are being made. Workmen have fixed the broken ends on the far side, where they rest on the approach. These breaks were caused by vibration from traffic over the structure.

An ugly little bump has been taken out at the far approach making a smooth strip of road leading to the bridge.

Several planks were renewed at the south end and macadam is being applied.

There were several breaks along the passenger lane, caused by cars striking it, and these have been repaired.

All traffic in and out of Nevada City has been routed down Sacramento street for a few days on account of the bridge being closed.

FACTS ABOUT NEVADA CITY FROM THE "DIARY OF A FORTY NINER"

A voice from the past really speaks in "The Diary of Forty Niner." His faithful day-by-day record of his experiences in Nevada City's early beginings is replete with interest to all descendents of pioneers. This is the third installment published in the Nugget.

November 17, 1850—I hired a man for some chickens and he found three after a two day's hunt. He paid $25 for them and with his horse, hire and time they cost me $50, but I don't begrudge it.

December 22, 1850—Sacramento is the livelist place I ever saw. There are over five thousand people living there, mostly in tents, and not more than a dozen wooden houses. Hundreds of people from San Francisco are coming up the river every day, and the bank is piled up with provisions for the mines. About every tent is a gambling house and it made my head swim to see the money flying around.

January 12, 1851—They have struck the richest kind of diggings upon Nigger Hill above Nevada, in deep ground and they have to coyote to get the dirt. They say they are making a hundred dollars a day to the man. (Note.—Coyoting was the local term of a mining method which meant the sinking of shafts, and running small drifts from the bottom in the bedrock in all directions until the excavated banks became dangerous when the shaft would be abondoned and another sunk close by. It was the precursor of regular drift mining, when the tunnels were systematically timbered.)

TWO TRACTORS AND HUGE TRUCK FOR C. C. C. CAMP

A huge ten-ton M. C. Truck, a big trailer and two new electric tractors arrived Tuesday night at the National Forest yards in this city. The truck and one tractor were sent early Wednesday morning to the Bear Valley C. C. C. camp, and later in the day the other tractor was sent over to the Bloomfield camp.

The Nugget $2.00 per year.

American Heroines

By LOUISE M. COMSTOCK

"Mad Anne" Bailey

"MAD" she was, this husky woman eccentric, who lived to be eighty-two with a lust for revenge in her stout heart and donned a man's clothes to right her wrong in a man's way. For even in the lusty days of the late Eighteenth century, when the mountains of Virginia were still frontier and harbored hostile Indians, no sane woman deserted her infant to live alone a man's life, and start her own private collection of Indian scalps.

The "madness" first descended upon Anne Bailey, then Anne Trotter, when her young husband, six feet and over in his fringed hunting shirt, fur cap and mocassins, fell victim to Indian cruelty at the Battle of Point Pleasant. She was but twenty-three at the time, and only ten years behind her was the safe, city life of Liverpool, England, where she was born. When the news reached her, she was like one possessed. She turned her baby boy over to a kindly neighbor, discarded her soft woman's clothes for trousers and a hunting shirt, shouldered a gun and, with her horse, Liverpool, turned her back upon her home in Staunton. Thereafter, as "Mad Anne," she lived alone in a hut built with her own hands on the ridge of Covington mountain in Allegheny county. From this vantage spot she watched the movements of the Indians in the surrounding countryside. Many a time, mounted on Liverpool, she dashed into town to warn the settlers of an impending attack.

Her most famous deed occurred at Fort Lee near Charleston, W. Va., in 1792, when Anne was forty-nine years old. Here, for safety during an Indian attack, had gathered the settlers from the surrounding territory. The siege was a long one, and the powder supply had given out. "Mad Anne" volunteered aid. Mounting Liverpool she rode out, in full view of the attacking Indians, then, spurring the horse into headlong speed, she flew past their lines, onto Fort Union, now Lewisburg, where she secured powder and an extra horse. She returned, savior of the fort.

In middle age Anne married John Bailey, a frontiersman. But she remained the "man" of the household, and in her latter years, a hard-drinking, swearing "man," of whom the local Indians stood in awe. As an old woman she moved to a cottage on the property of her son, grown to manhood and affluence. She refused to share his house. Today a bronze marker on the highway between Hot Springs and Covington signifies the regard of the Daughters of the American Revolution for "Mad Anne" Bailey.

TRAIL, 2470 MILES LONG, BUILDING ATOP SIERRAS

LOS ANGELES, July 27—(UP)—Take a hike some day along a 2470-mile trail extendnig from Canada to Mexico in an unbroken line.

The trail, somewhat of a national monument, is arising from this period of economic stress and is one of the major projects of the civilian conservation corps on the west coast.

Sponsored by Clinton C. Clarke, wealthy Pasadena sportsmen, the trail is longer and more scenic than the famous trails of Germany and England. It lies almost entirely within national forest reserve and national parks.

The trail winds through the high glacier country of Washington and Oregon, down through Yosemite and Sequoia national parks, dips into the desert behind the local coast ranges. It lies almost entirely above the 5,000-foot level.

Intended purely as a wilderness path, the trail cannot be commercialized, Clarke said. Only 275 miles of its length are over roads, and but 225 miles cross undeveloped areas. It is intersected by main roads at an average of every 100 miles, except for a 300-mile stretch in the Yosemite country.

Way stations are being constructed a day's journey apart, so that travelers may find haven, food and medical treatment if necessary.

The only regions traversed which require mountaineering experience are northern Washington and crests of the high Sierra Nevada mountains.

Just as Americans are now being drawn to Germany, Switzerland and England for walking tours, hikers will be attracted from all over the world to follow the spectacular trail, Clarke believes.

Co-operating with Clarke are the Mountain League, William V. Mendenhall, Angelus National Forest supervisor; the Los Angeles county Department of Recreation and Playgrounds and other organizations.

DEER SEASON IN COAST REGION OPENS AUG. 1

SAN FRANCISCO, July 27—The deer season in the coast areas comprising Districts 2, 2 and one half and 3, extending from the northern boundary of Mendocino county to the southern boundary of Ventura county, will open on August 1st.

The reports of game wardens throughout these areas to the Fish and Game Commission, indicate that with one possible exception, in Ventura county, deer conditions are on a par with last year.

In parts of Mendocinco county, which county affords more sport for deer hunters than any other, the number of deer reported indicates that there is an increase over former years.

The counties comprising fish and game District 2, include Marin, Sonoma, Solano, Napa, Yolo, Lake, Colusa, Glenn and part of Mendocino. District two-and-one-half is a narrow strip of coastal Mendocino county.

District 3 is made up of the counties of Contra Costa, Alameda, San Francisco, Santa Clara, San Mateo, Santa Cruz, San Benito, Monterey S. Luis Obispo, Santa Barbara, Ventura and those portions of Kings, Fresno, Merced Stanislaus and San Joaquin lying west of the trough of the valley ,and that portion of Kern county west of Buena Vista slough, Buena Vista lake and the Ridge Route highway to Los Angeles.

Sportsmen should remember that the metal seal, attached to the deer tags used last year, will not be used this season.

The duplicate tags, which the law requires shall be mailed to the Division of Fish and Game, will not require postage, since the same is prepaid by the Division of Fish and Game this year.

JUDGE WINBURN NAMED G. V. POLICE MAGISTRATE

Judge Oscar E. Winburn, justice of the peace for Grass Valley township on Tuesday was appointed by the Grass Valey City Council to be city police judge. The Grass Valley police, at the same time, were instructed to enforce strictly all municipal ordinances.

PAHATSI SCOUTS, BUSY AND HAPPY

CAMP PAHATSI, July 27—Last week another goal was reached at Camp Pahatsi. We had more Scouts and leaders in camp than we have ever had before.

Additions to the Staff were: Mr. H. H. Rollins troop committee chairman of Auburn, handicraft and pioneering instructor, Mr. Ellestad, scouter from Auburn, automobiling, inspection and test passing. Mr. H. E. Chastain, district commissioner from Roseville, swimming instructor test passing, and camos. Mrs. H. E. Chastain, leathercraft instructor, Mr. R. E. Art, nature, Mr. M. S. Beecher otherwise known as "Klondike Ike" leader of the three-day hikers to the American River.

Sunday about 200 visitors were in camp. Water sports were put on in the afternoon for their entertainment. Sunday morning Mr. C. C. Scott, Scoutmaster of Lincoln conducted the church services .He spoke on the 12th scout law.

Saturday evening the scouts entertained 33 members of the service clubs of the area at a dinner and entertainment in the lodge. Judge Raglan Tuttle was toastmaster and introduced several members of the various clubs who gave short talks. The scouts sang several songs during the dinner and gave stunts and short skits afterwards.

The scouts and camp are particularly indebted to the service clubs. Two years ago service clubs furnished hardware and cars for the six boats on Kilborn Lake. This year they again come to the rescue of camp and furnished tentage that could not be secured as in the past. For six years, each year service clubs have sent scouts who could not afford summer camp.

PAHATSI PRESS EXTRA

A special issue of the Pahatsi Press was printed during the dinner and handed out to the guests. It listed all those present.

Eleven scouts passed their Junior Red Cross life saving this week. They are: Virgil Harden, Bob Robinson, Donald Sands, Bill Cluff, Raymond Shaeffer, Vincent Brundage, Robert Riley, LeVerne Riley, Frank Law, Frank Ogden, and George Decater.

Last Wednesday the scouts hiked to Mt. Lincoln and on the way visited the inter-locking plant at Herden ,and also the S. P. train tunnel thru the summit. Friday the scouts had a treasure hunt. Kenneth Barnes, Clarence Decater and Marshall Naines were winners.

GAMES AND CONTEST

Saturday partol games and contests were held down on the baseball field. The same number (43) of merit badges were awarded at the Court of Honor this week as awarded last week. Second class badges were awarded Ralph Mallery and K. Johnson. First class was awarded to Kenneth Reynolds. Merit badges were awarded to: V. Brundage, Virgil Harden, Frank Law, Donald Sands, Marshall Haines, Donald Wilson, Williard Geyer, Paul Burbage, John Troutwine, Randolph Shepecek Kenneth Barnes, Robert Robinson, Robert Green, Forrest Rupley, Richard Marriott, James Short, Kenneth Reynolds, Carence Decater, Raymond Shaeffer, Robert Hanson, Ben Flynn and Jack Gorden. Star scout badges were given to Richard Marriott, Jack Gorden, Vincent Brundage and Randolph Shepecek.

Last Tuesday Mr. M. S. Beecher "Klondike Ike" of Auburn took the older scouts on a three-day hike to the American River. The hikers brought back enough fish to give everyone in camp a portion.

Flower, bird and other nature hikes have been held. Many have earned and passed camp honors in blue-printing, and spatter work, mounting flowers, and indentifying trees.

The Pahatsi Press has given the scouts the news of camp for the past 16 days. Eighteen issues have been completed, 16 regular an dtwo special issues. Several contributions has been received from the Press in the way of poetry from subsrcibers, one being from Bandon, Oregon. Twenty eight are on the subscription mailing list this week.

Mr. and Mrs. E. J. N. Ott Jr., of Placerville are spending a few days in Nevada City visiting his parents.

FINGER MASHED IN PUMP

In adjusting a pump at the Pennsylvania mine, William Jeffrey got his hand caught in it in such a way as to mash the end of the second finger of his right hand. Last Monday Dr. A. H. Tickell took the finger off at the first joint.

Mr. Jeffrey is making a good recoverwy and with no mishaps the injury should soon heal.

Mrs. Lavinia Merley, former resident, who has spent several weeks visiting friends in Nevada City, has returned to her home in Taft.

Put Your Liver To Work--Make This Test

You can't feel well and strong unless your liver furnishes your stomach and bowels plenty of fresh bile every day. Without bile food doesn't digest properly—it just ferments and decays—constipation, gas, sour stomach, headaches and nervousness follow.

Don't be misled. Calomel, salts, oils, mineral waters, laxative pills, etc., have no effect whatever on the liver. These are only two generally recognized substances which actually cause a sluggish liver to increase its production of bile. Sargon Soft Mass Pills contain both of them.

Unless you have tried Sargon Soft Mass Pills you can have no idea of their effect—you feel stronger, healthier, happier—life and color return to faded eyes and checks—appetite and digestion improve rapidly.

Only 60c for a full 30-day treatment. At your druggist, or write G. F. Willis, Inc., Atlanta, Ga.—(adv.)

DICKERMAN'S DRUG STORE —NEVADA CITY, CALIFORNIA.

From Our Correspondents

FRENCH CORRAL

FRENCH CORRAL, July 5—We fear the French Corral correspondent is becoming a slacker. However there is always a chance to reform, and get back to the pleasure of keeping this dear old town on the map.

Everything goes on in the usual way. We complain of the unusual chilly weather, and then complain again when the mercury goes climbing up into the 90's.

Our glorious Forth of July was celebrated here by an unusual display of Old Glory and the crack of toy pistols—fire crackers are rather dangerous where there is so much dry grass, but "young America" must make some noise. The good old fashioned home dinner and ice cream parties were also in order. In memory pictures we could witness the parade of other paraders—some of these latter were in North San Juan—yes, in North San Juan—Prancing steeds bearing gallant young officers, The North San Juan Brass Band, filling the air with patriotic music, the liberty chariot, with goddess of Liberty—beautiful girls representing the state, the firemen ,the different organizations, the school children and they were a host—the Press, the miner and many others—all presenting a beautiful pageant—then later the "Horribles' that would almost provoke laughter from a mummy—Oh, those were the days!—but now alas! alas!—Awake old lady ,the Nuggets wants the news and not memories of the past.

Mr. and Mrs. Will Culver of San Francisco are visiting Mr. Culver's parents, Mr. and Mrs. J. W. Culver of French Corral.

Mrs. H. Paynter was called to Oregon by a telegram on account of the serious illness of her mother. She was accompanied by her little son, Harold. Later news stated that her mother had passed away. The family have been residents of this place for over a year.

Another of the old landmarks has been reduced to ashes, when the old Finisterwahl home was burned to the ground. The house was occupied by the Yori family and they have sustained severe loss as nothing could be saved from the burning building. The family were eating dinner when the fire was discovered, but the flames made such rapid headway, and with the shortage of water it was impossible to do anything but flee for their lives. Mrs. Yori suffered a heart attack and was taken to the Nevada City Sanitarium.

Miss Bernice Killian and Misses Myrtle and Marie Williams of San Francisco are summer borders at the home of Mr M. Madden of Birchville.

Norman and Beverly Pine have returned to their home in Ukiah.

Mr. Arthur O'Connor is spending his summer vacation at his home in Birchville.

Mrs. P. Nichors and son, Chester and little grandson, Arthur Davis of Sacramento, visited their friend, Mrs. Sullivan, recently. They are former residents of French Corral.

Mrs. Jaynes of Camptonville is making an extended visit with the family of her son, Al Jaynes of this place.

The many friends of Lee Darneal of Los Gatos will be pleased to learn that he has again received the appointment of postmaster of that place. Although a native of Freeman's Crossing, Lee can lay claim to French Corral as the old home, where all his early life was spent. His father, the late E. M. Darneal and uncle, the late Morgan Darneal, were in the general merchandise business for many years and the latter was postmaster of French Corral for many years. We will add that his relatives were staunch democrats.

The celebration of the Diamond Jubilee of St. Patrick's church in Grass Valley was attended by several residents of French Corral, among them Mrs. Kate Sullivan, Miss Nelly Sullivan. The name of Rev. T. J. Dalton recalls many memories of early childhood when that faithful worker for the faith traversed our rough country and celebrated mass in different homes.

Mr. and Mrs. Miller and daughter, Dorothy, have gone to Sacramento where Mr. Miller has found employment. While we are glad that he has found something better, financially, we regret their departure as they have made many friends during their years residence in our community.

J. Sheves has gone to Strawberry Valley to spend the summer months.

Mr. and Mrs. E. Davis and Dorothy have gone away for the summer.

Lee Stockdell and daughter, Adaline, have gone to Strawberry Valley where they will spend the summer months.

We learn that Mr. and Mrs. Moffat and little daughter, who have spent the past year near Buckeye Hill where with Mr. De Sonet, Mr. Moffat was engaged in mining, have gone to Oakland. Mr. Moffat has sold his mining interest to his partner. They were frequent visitors in this place where they had many friends who will regret their departure.

Again death has invaded and taken from us one of our most beloved pioneer women, Mrs. Helen K. Dahneke, of North San Juan, As Mrs. Dahneke had attained the great age of over 95 years and had spent 70 years of that time on the San Juan Ridge she and her family were well known nad beloved by all. She will be laid to rest Friday at two o'clock p. m. Her husband passed away many years ago and her son, Lou, passed away afew months ago. Her other son, Bill, spent many years in the Klondike and there he found his last resting place many years ago.

She is survived by one daughter, who has attended her with loving devotion for many years. This dear pioneer mother has been afflicted with total blindness for many years but was always cheerful and a pleasant companion despite her affliction.

FRENCH CORRAL, July 26—The weather is making up for the long cold spell and with forest fires surrounding making the atmosphere close and smoky .It is almost prostrating to many.

For the pst week the mercury has ranged from 98 degrees to 110 degrees; today 103 degrees in the shade ,has made us wish for cold storage electric fans, ice cream, etc.

The hum of machinery in the French Corral mine reminds us that something is doing in our quiet little burg. While they have had many diffioulties to over-come they are valiantly trying to go ahead.

Mrs. Maddock, son and daughter are spending some time here; Mr. Maddock being superintendent of the French Corral mine.

Mr. and Mrs. G. Kelley and daughter, Katherine, were recent visitors They came to visit their friends, Messers. Gish and Anderson.

Mrs. Grace Olive and cousin, Mrs. Mary Maloney, Crotts, and baby son visited relatives here last week. Both ladies are natives of French Corral but their home is in Santa Rosa.

Mr. and Mrs. Will Culver returned to their home in San Francisco last week, after an extended visit with Mr. Culver's parents, Mr. and Mrs. J. W. Culver.

Our community regrets the leaving of Mr. and Mrs. Paynter and son, Harold, who have gone to San Franisco where Mr. Paynter has returned to his former employment. In their past year of residence here, they have made many friends, who will regret their absence.

Mrs. J. W. Culver and daughter, Mrs. E. Chatty and sons, Billy and Jack, have gone to Drum to visit Mrs. Culver's son, Benton Wilcoxon and family.

Mr. and Mrs. McCarthy and son, Billy, of Reno, were Saturday visitors in the home of Mrs. McCarthys uncle, W. E. Moulton. On their return they were accompanied by Mrs. W. E. Moulton, who will visit with them for several days.

Thomas Meyers and son, Clarence, had business in French Corral Saturday.

Miss Millie Clerkin of Pike City was a visitor Monday. She is much improved from her recent illness.

Mr. and Mrs. Minck and Mr. Chatfield are recent arrivals from Texas.

E. Dillon, C. Linnell ,and G Dutra made a trip to Sacramento this evening.

Mr. and Mrs. L. Dudley are spending this week in French Corral.

Rev. P. O'Reilly held services in Birchville Sunday.

The concluding ceremony in the funeral of Mrs. Masy French Mitchell took place at French Corral Tuesday, when she was laid to her final rest, beside the grave of her brother and sister who had gone before. The funeral ceremony was conducted by the members of Manzanita Parlor, No. 29, N. D. G. W. of which Parlor she was a member. By a sweet Courtesy, Manzanita Parlor gave to Mrs. Elsie Schwartz, president of Columbia Parlor, No. 70, N. D. G. W., at French Corral, the President's part in the ceremony Mrs. Mitchell had been a charter member of Columbia Parlor before affiliating with Manzanita. Her funeral was attended by a large delegation from Manzanita Parlor. Many friends on the Ridge for she was well known and beloved by all. Many of her relatives of San Francisco and Oakland were also in attendance.

Mrs. French Mitchell was born at Oregon Bar, Yuba county, August 1, 1853 and was the first child born at that early day mining town, which is now only a memory. Her early childhood and most of her life was spent in French Corral where she was beloved by all. Her whole life was one of kindness to everyone. Within the past two years she had become almost totally blind, but endured her affliction with patience. She passed away at her home in Grass Valley July 22 after a brief illness. Although she had lived to a ripe old age she will be sadly missed by many.

NORTH SAN JUAN

By MRS. F. M. HARRIS

NORTH SAN JUAN, July 25—Staying at the hotel for several days are Mr. Anderson, Mr. Smith and their attorney, Mr. Madden, all of San Francisco. They are interested in mining properties near San Juan.

Among those from out of town who attended the funeral of Mrs. Helena Dahneke were her daughter-in-law, Mrs. L. H. Dahneke and her granddaughter, Mrs. Wise, of Palo Alto. Also three grandsons, Harry Dahneke and wife of Mountain iVew Stanley Dahneke of Berkeley and Norman Dahneke of Yuba City. Another grandson Irvin Dahneke of Colusa was unable to attend.

Ben and Will Atkinson and Mr. Bean of Clipper Mills were in town on business one day last week.

Miss Ruth Lyser has returned to Berkeley after spending some weeks of her vacation with her parents at the San Juan mine near Sweetland.

Mrs. Kerr entertained the members of the Ladies Aid at her home on Thursday. Everybody enjoyed the picnic dinner and social time which followed. It was decided to omit the August meeting on account of the hot weather.

Mr. Will Lackland has gone to Stockton for a visit with friends.

Mrs. Molly McQuaid returned to her home in San Francisco on Sunday after a visit of some weeks with Miss Lena Darneke.

Miss Lucile Fogarty is spending her vacation with her parents Mr. and Mrs. Kern Fogarty.

A number of town people are lowering their wells or digging out old ones.

Mr. Patterson dug out a small cave-in at the bottom of his well and has several feet of fine water.

Gordon Kessler is opening up an old well which was originally about 100 feet deep. Ray and Jean McCullough are lowering their well and hope to strike plenty of water.

Mr. C. J. Lyser, surperintendent of the San Juan mine, reports they are now shipping the second hundred tons of ore to Tacoma, Washington.

Mrs. Dahlberg of Hammonton is now living in the house recently purchased by Mr. and Mrs. George Sherwood of Sacramento. Mrs. Dahlberg is the mother of Mrs. Sherwood and Mrs. Kern Fogarty.

Services were held in the church Sunday p. m. Mr. H. H. Buckner preached and Mr. Crabb of Nevada City sang a beautiful solo.

NORTH BLOOMFIELD

By MRS. RALPH PENROSE

NORTH BLOOMFIELD, July 26—Mrs. Harold Coombs and son went to Graniteville yesterday with Mrs. Coombs.

NEVADA COUNTY CONTRACTORS TO AID NIRA PLAN

Immediate action under President Roosevelt's recovery program was taken Tuesday night at a a meeting of over one hundred Nevada county contractors at the Grass Valley Legion building, following an address by Glen V. Slater Assistant State Registrar of Contractors.

The meeting was sponsored by the Grass Valley Camber of Commerce, with Judge Oscar Winburn presiding in order to allow the State Contractors License Bureau to explain the recenty strengthened State License Law, as well as to discuss with local construction men the proper moves for contractors under the National Recovery Act. District Attorney W. E. Wright and R. S. Bowdle District Supervisor for the State Registrar who spoke on the two subjects.

Enthusiasm was so noticeable that an organization was at once commenced, to assist local building crafts to work upon codes of fair competition, as well as to place in immediate effect local estabilized wages for building workmen. Officers elected were Mr. Jack Derr Chairman, Mr. Roy Madsen Vice Chairman and N. J. Frost Secretary. Permanent officers and directors are to be chosen at a meeting next Tuesday night at Sierra Hall, to combine with the new organization

In discussing the Nira program, Slater said "The proposed national basic code for contractors was based principally upon the objectives of the California License Law. Now local contractors have an opportunity to advance the program of stabilization. Failure to take advantage will leave local men to come under these codes, but they wil not have any way as to the provisions. They should act as soon as possible to secue recognition of their local problems ,as well as setting local wages and hours."

Mr. and Mrs. Ed Arthur, former residents, came up from their home in Alameda and are now visiting with Miss Alma Marsh.

Louie Kopp was called to Oakland this week on account of the serious illness of his oldest son, Glen, who was threatened with appendicitis. Mrs. Kopp and two sons have been spending a two weeks vacation with relatives in Oakland where the little boy became ill.

Mr. and Mrs. Charles Deeble of the bay district are visiting her sister, Mrs. Madge Schwartz.

LUMBER TALKS

"WE WILL DO OUR PART"

From a little shop on a quiet street,
From the city's crowded mart,
The answer came like a clarion cry,
As the sons of the nation made reply,
'We Will Do Our Part."

From town and city, from hill an vale,
From each loyal and faithful heart,
The answer cam ewith a purpose true,
As hope and courage were born anew,
"We Will Do Our Part."

And we hear again as in days of yore,
The throb of a nation's heart;
In war and in peace, for the land we love
And the beautiful banner that floats above,
"WE WILL DO OUR PART."

A. M. C.

Last week we listed the names of many of the building materials we are carrying, and shall continue to carry. We have extended the floor space of our warehouse for that purpose.

In this copy however, we declare our policy as being in full accord with the industrial sentimene of the day, which we consider so beautifully and timely expressed in the accompaning lines by A. M. C.

SOCIAL EVENTS

Legion Auxiliary Card Party is Great Success

The open air bridge and whist party staged by the ladies of the Auxiliary of Hague Thomas Hegarty Post 130, American Legion was a complete success according to Mrs. Alice Henwood and her committee. The party was held under the big flood lights at the Memorial Park Tennis court.

Twenty-three tables of bridge and whist were placed in the big arena and every one was filled.

The laides wish to express their appreciation to the merchants who donated the prizes for the games, also the people who donated tables, chairs, etc., who helped to make the evening a success.

The names of the prize winners of the evening were:

Door Prize Bridge—Mr. Mooney, Colinga, Califronia; Mrs. P. Armstrong, Nevada City, Mr. Sahl, Grass Valley, Mrs. Nelita Hutchenson, Grass Valley, Mr. Frank Clark, Grass Valley, Mrs. Myrtle Lopez, Grass Valley, Mrs. Pauline Mattesen, Grass Valley, Mrs. Agnes Taylor, Nevada City.

Whist:—Mrs. Tompkins, Grass Valley, Mr. John Steel, Grass Valley, Mrs. Deeble, Grass Valley, Mrs. Meeney, Grass Valley, Mr. Knuckey, Grass Valley, Mrs. K. Olemo, Grass Valley, Mrs. Bessie Payton, Grass Valley.

Bible Class Holds Annual Picnic

The Bible Class of the Methodist church held their annual picnic yesterday at Memorial Park. It was in the form of a pot luck supper, each family bringing a hot dish. Swimming was enjoyed by many and everyone entered into the games. It was one of the happiest and best attended picnics that the class has ever had.

GOOD PROGRESS MADE ON CITY WATER MAIN

The section of ditch being dug for a part of the city pipe line in the Canada Hill district, is coming along in good shape considering the hot weather and some extra hard ground according to Supervisor C. S. Arbogast, who has the contract. He has a crew of six men employed in the excavation work.

The pipe for the line is expecteo to arrive this week.

Latest reports from Harry Stephens, who is at the Jones Memorial hospital in Grass Valley, is that the arm was mangled in an auto accident is doing as well as can be expected.

N. D. G. W. Past Presidents Will Install Officers

Past Presidents Association, No. 6, N. D. G. W., will hold their installation of officers for the ensuing term, tonight at the Parish house in Grass Valley.

The following officers will be installed by Past President Addale Tredenneck: President, Adeline O'Connor; First Vice President, Grace Eva; Second Vice President, Clara Phillips; third Vice President, L. Wales; Past President, Beatrice George; Organist, Antha Locklin; Financial Secretary, Lenore Coughlin; Treasurer, Nellie Clark; Marshall, Hilda Sandow; Inner Sentinel, Jennie Shearer; Outer Sentinel, Hazel Veal; Directors, Annie Darke, Lena Calanan, Annie Scheemer, Kate Fuller, Mrs. Freeman.

Veterans Auxiliary Holds Initiation

The Auxiliary of the Veterans of Foreign Wars held a regular meeting last evening and initiated Mrs. Joe Day of Gold Flat into the order.

The Auxiliary entertained the Veterans of Foreign Wars at a dainty luncheon and a happy social time was enjoyed.

Champion Circle Gives Interesting Program

There was an interesting meeting of Champion Circle, Neighbors of Woodcraft last Thursday. Organizer Neighbor Davis of Colorado was present and added much to the evening's pleasure.

After the meeting home-made ice cream and cake were served.

Forty-five members of Grass Valley and Nevada City enjoyed the evening.

NORGE DEALER PRAISED FOR CARLOAD SALE

A bulletin issued by the wholesale agency for Norge Refrigerators in San Francisco commends Snyder's Radio Electric Shop in Grass Valley as follows: "Our hats are off to A. B. Snyder of Grass Valley for doing an outstanding Norge selling job. He has sold better than a carload of Norge regrigerators this year. He sells them in the heat of summer and—the cold of winter. In other words he sells the advantage of refrigeration."

BOULDER STREET ROAD REPAIRED BY ARBOGAST

The Boulder street road from the city limits to the Pine Grove cemetery has been greatly improved during the last few days under the supervision of Supervisor Cary Arbogast. The chuck holes and ruts have beel filled and the entire road covered with screenings and oiled.

John O'Neill, Roland Wright and Robert Carr motored to Quincy Wednesday in the interest of the B. P. O. E.

William Lichtenberg, mining man of Alleghany, was a Nevada City visitor this week.

Miss Beth Young and Walter Williams spent Sunday in Sacramento visiting friends.

THE MOST IMPORTANT QUESTION IN ELECTRIC REFRIGERATION

Westinghouse is!

● Before you select any refrigerator . . . *look at the mechanism.* Ask . . . "Is it Hermetically-Sealed? . . . Is it sealed and protected for lifetime performance? . . . Is it bathed in a permanent supply of oil? . . . Is it free of all exposed moving parts. stuffing boxes and belts?"

This is important. For these are the things that make the Westinghouse Hermetically - Sealed mechanism your greatest guarantee of continued economy and dependability . . . a guarantee backed by a name that means *everything* in electricity. *See for yourself . . . today!*

[Tune in the thrilling new Westinghouse mystery radio serial by OCTAVUS ROY COHEN . . . NBC Network]
